

Insight Cash

The Industry's Only Fully Integrated Cage, Vault & Revenue Audit Solution

WHAT WE DO

Casinos trust CCT's **Insight Cash** to modernize cage, vault, and audit operations. With proven results across 350+ properties, we help teams move past manual work and into automated processes that save time, reduce costs, and strengthen compliance.

WHO WE ARE

CCT is the only software platform built exclusively for casinos to manage Cage, Vault, and Audit operations. We replace paper and spreadsheets with an integrated system that tracks every dollar, captures every required signature, reconciles every shift, and keeps you audit-ready from day one.

70+ New casino openings across the nation

100% Last Vegas Strip openings in the past 5 years

THE GO-TO FOR NEW CASINO OPENINGS

Opening a new casino is complex. Your back office doesn't have to be. CCT delivers the control, visibility, and efficiency to launch with confidence.

CONTROL

Standardized reconciliation and seamless tracking across game days with end-to-end visibility for every dollar.

CONFIDENCE

White-glove deployment that prepares your team and ensures you're ready to go live from day one.

EFFICIENCY

Lower costs up to **75%** by reducing the time and staff needed to hire, train, and manage back-office operations.

Open with confidence. CCT helps you launch on time, under budget, and ready for day one. Schedule your demo today.
